ASSIGNMENT from SOUTHERN RAILWAY COMPANY ("Southern")
to THE ALABAMA GREAT SOUTHERN RAILROAD COMPANY (the "Assignee")

W I T N E S S E T H:

THAT

WHEREAS, MORGAN GUARANTY TRUST COMPANY OF NEW YORK, as Trustee (the "Trustee"), and Southern entered into an Equipment Trust Agreement dated as of April 15, 1981, constituting Southern Railway Equipment Trust No. 2 of 1981 (the "Agreement"), concerning the acquisition of railroad equipment therein described (the "Equipment") and the issuance and sale of Equipment Trust Certificates (the "Certificates") for the purpose of financing approximately 80% of the cost of the Equipment; the principal of and interest on the Certificates, together with cash sufficient to pay the remainder of the cost of the Equipment, and all expenses in connection therewith, to be paid from rentals provided for in the Agreement; and whereby the Equipment was leased to the Company as that term is defined in the Agreement for a term beginning January 15, 1981, and ending April 15, 1996; and

WHEREAS, Southern by application to the Interstate Commerce Commission (the "Commission"), sought and obtained an Order of the Commission dated April 13, 1981 authorizing the assumption of obligation and liability in respect of not exceeding \$27,750,000 principal amount of the Certificates pursuant to the terms of the Agreement by endorsing on each of the Certificates its unconditional guaranty of the prompt payment, when due, of the principal thereof and the interest thereon, all for the purpose of obtaining for itself, its successors and assigns, the possession and use of and ultimately the title to the Equipment; and

WHEREAS, the Assignee, an "Affiliate" of Southern as that term is defined in the Agreement, desires to acquire from Southern, and Southern is willing to assign to the Assignee, all of the right, title and interest of Southern in and to the Agreement insofar as they relate to that portion of the Equipment hereinafter described, but no further and without releasing Southern from any of its obligations thereunder; and

WHEREAS, the Assignee by joining in the aforesaid application of Southern to the Commission sought and obtained authorization in the aforesaid Order of the Commission to assume obligation and liability in respect of not exceeding \$1,458,120 principal amount of the Certificates insofar as they relate to that portion of the Equipment hereafter described, having a total estimated cost of \$ 1,823,196; such assumption to be on the terms stated in said Order;

NOW, THEREFORE, it is agreed:

(1) In consideration of the covenants of the Assignee in Paragraph (2) hereof, Southern hereby assigns and transfers to the Assignee, its successors and assigns, all of the right, title and interest of Southern in and to the Agreement, and all rights and benefits thereunder, insofar as they relate to the following described railroad equipment (the "Assigned Equipment") which is a portion of the Equipment:

but no further; the rights and benefits of Southern assigned and transferred to the Assignee hereby shall include, but not by way of limitation, the right to the possession and use of and ultimately obtaining the title to the Assigned Equipment; and Southern hereby covenants and agrees that it will do and perform such further acts as may be necessary to effectuate the intent of this Assignment; provided, however, that this Assignment is subject to the Agreement and shall in no way modify or release the obligations of Southern thereunder, and provided further that the Assignee shall not acquire by this Assignment any right, title or interest in the Agreement with respect to any of the Equipment constructed and acquired by the Trustee thereunder except the Assigned Equipment.

(2) The Assignee hereby accepts said transfer and assignment and assumes and hereby agrees to perform all of the covenants and obligations of Southern under the Agreement insofar as they relate to the Assigned Equipment, in accordance with the provisions thereof.
